

AMERICANS IN DANGER

The Yaqui Valley Is Left Virtually Unprotected

ADMIRAL WINSLOW SENDS WARNINGS

Urges Diequez to Avert a Possible Massacre—The Cruiser Gets Nearer

Topolohampo, Mexico, Dec. 1.—Carranza forces again have opened communication between Guaymas and Hermosillo, the capital of Sonora, and General Diequez is endeavoring to intercept 2,500 Villa troops supposed to be heading through southern Sonora in an attempt to join General Bandera, the Villa commander in northern Sinaloa.

Fear of an attack by Indians on the American settlers in the Yaqui valley has increased, as all but 50 troops have been withdrawn from that vicinity to participate in the Carranza campaign to the north. The necessity for maintaining an adequate garrison in the Yaqui valley for the protection of Americans and other foreigners and thus possibly avert a massacre is now being strongly presented to General Diequez in messages by Admiral Winslow, who is proceeding with his flagship, the cruiser San Diego, and an expeditionary force for Topolohampo. The San Diego was reported Monday night off Cape San Lucas, the southern extremity of Lower California. Naval officers who visited Los Mochis, the scene of the recent raids, found foreign property in the outlying districts still held by the Indians. Carranza officials stated, however, that these lands would be returned to their rightful owners as soon as they had been recovered. Owing to the presence of Carranza troops in large numbers at Los Mochis, Americans who had taken refuge on the United States gunboat Annapolis and those who had come for safety to Topolohampo, have decided to return to their homes at once.

OUTLINES CARRANZA'S PLANS.

Arredondo Confers With Lansing on the Future of Mexico.

Washington, D. C., Dec. 1.—Elizeo Arredondo, who received on behalf of General Carranza, the recognition by the United States and Latin-American countries of the de facto government of Mexico, called on Secretary Lansing Monday

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-Time Recipe That Anybody Can Apply

The use of sage and sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out of date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.—Adv.

THAT LIVER IS NO GOOD

that is so lazy it lets the skin do part of its work. The skin turns yellow doing it. Such a liver upsets the whole system. Take Hood's Pills, they put the liver to work; best for biliousness, yellowness, constipation. Do not irritate nor gripe. Price 25c, of druggists or C. I. Hood Co., Lowell, Mass.

COLD GONE! HEAD AND NOSE CLEAR

First Dose of "Pape's Cold Compound" Relieves All Grippe Misery

Don't stay stuffed up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold, either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance; tastes nice, and causes no inconvenience. Don't accept a substitute.—Adv.

for the first time since his recent conference at the border with General Carranza. It is understood that Mr. Arredondo submitted information about General Carranza's plans for reconstruction of the country and establishment of close relations with the United States. A new Mexican ambassador will be appointed soon, but no information as to his identity has been given to the state department.

A summary of conditions in Mexico given out by the department reveals that train service is still beset with some difficulties, and that other conveniences of normal times have not yet been restored.

RED CROSS SEAL FIGURES.

225,000,000 Holiday Stickers Already Distributed in United States.

Few people have any conception of the magnitude of the Red Cross Christmas seal campaign. Here are a few figures that will show what a gigantic movement this is. Already 225,000,000 seals have been printed and practically that entire number distributed to agents in every state and territory of the Union from Alaska in the north to the canal zone in the south and from Porto Rico in the east to Hawaii in the west. Advertising circulars, posters, cards, etc., to the number of several million have also been distributed. Not less than 1,000,000 personal letters asking people to buy seals have been sent out. It is estimated that the army of workers, nearly all of whom are volunteers, engaged in selling the seals numbers well over 500,000. The advertising and publicity donated to the campaign amounts to several hundred thousand dollars. Every effort is being put forth to sell 75,000,000 seals; or less than one for every man, woman and child in the United States. This will mean \$750,000 for the anti-tuberculosis campaign in the United States, and particularly all of the 1,200 anti-tuberculosis associations of the country derive their support from Red Cross seals.

BRITISH SHIPS SHELL GERMANS IN BELGIUM

Two-hour Bombardment of Coast Points from Zeebrugge to Ostend Reported.

London, Dec. 1.—German positions on the Belgian coast from Zeebrugge to Ostend were bombarded for two hours yesterday morning by a British squadron, according to a Reuter dispatch from Amsterdam.

VIOLET ASQUITH MARRIED.

She Becomes Wife of Premier's Secretary, Maurice Bonham Carter.

London, Dec. 1.—Violet Asquith, daughter of the British prime minister, and Maurice Bonham Carter, the premier's secretary, were married yesterday at St. Margaret's, Westminster. A distinguished assembly was present at the ceremony. Despite the desire to keep the marriage quiet, on account of the war, great crowds gathered in front of the church and gave the bride an ovation.

SHIP PLOT DEFENCE LOSES

Judge Howe in Court Will Not Quash Conspiracy Indictment

NOR BAR DISPUTED TESTIMONY

Allows Evidence on Steamer Quesada, to Supply the Teuton Cruisers

New York, Dec. 1.—Judge Harland B. Howe yesterday afternoon overruled the motion of attorneys for the defense to dismiss the indictments against four Hamburg-American officials who are charged with illegally supplying German warships from American ports.

"There are certain phases of the case I believe the jury should pass on," said Judge Howe after hearing lengthy arguments by both sides.

The court's ruling was a severe blow to the defense. Earlier in the day Judge Howe had refused to strike from the record evidence in which the name of Capt. Boy-Ed, German naval attaché, had been mentioned in connection with the steamer Maria Quesada. His refusal to direct a verdict of acquittal was a surprise to the Hamburg-American counsel. They had admitted sending out supplies to German commerce raiders, but denied their acts constituted a conspiracy against the United States.

EXPLOSION IN WEST VIRGINIA COAL MINE

Three Hundred Men at the Time were Underground—All But Few are Rescued.

Fayetteville, W. Va., Dec. 1.—An explosion occurred yesterday in mine No. 2 of the Boomer Coal & Coke company at Boomer, W. Va. Three hundred men were said to be in the mine when the accident happened and it was not known here whether any escaped.

WEST TOPSHAM

Mr. and Mrs. Ernest Seaver and son of Washington spent Thanksgiving with her mother, Mrs. Jeffords.

Mr. and Mrs. Frank Mason spent Thursday in Groton.

Mr. and Mrs. C. H. Hight and Mrs. Carrie Bagley visited their sister and daughter, Bessie, in Bradford Thursday and Friday.

Miss Ethel Earle spent Thanksgiving at her home in Graniteville. Miss Jessie Minard also spent the day at her home in Bradford. Both teach school here.

Mr. and Mrs. Roy Mills were in East Barre Friday.

Mrs. Truman Parsley of Vershire spent Thanksgiving at the home of her parents, Mr. and Mrs. John Bixby.

Miss Jessie and Miss Sadie McKay have returned to their home in East Topsham.

There will be a social entertainment in the West Topsham hall Wednesday night, Dec. 1. Program will be furnished. Refreshments served. Admission, 10c.

Mr. and Mrs. Bernard Simpson and son, Kenneth, of East Orange were at Mrs. Simpson's parents, Mr. and Mrs. Dan Cilley, Sunday. Master Kenneth will stay with his grandparents a few days.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is, if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it, to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast, the waste and limestone phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have yellow skins, blood disorders and sickly complexions, are urged to get a quarter pound of Limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.—Adv.

WATT FOR SMOKE SATISFACTION

Regal Shoes Will Surprise You

—surprise you in the amount of wear they give before you need begin thinking about a new pair.

—surprise you in the exclusiveness of the styles. The fact that Regal styles are so widely imitated tells the story.

—surprise you in the way they seem to "take the shape of your feet" the first time you wear the new pair; no breaking in, because the lasts are sensible.

And the prices are only \$4 to \$5.

NORTHERN BASKETBALL LEAGUE SCHEDULE

The following schedule for the 1916 basketball league, which includes eight teams, all from schools located in the northern part of the state, has been adopted by the association recently organized by members of the faculties of the institutions. The team having the highest percentage at the end of the season will be awarded the championship, and the first team to win three times, not necessarily in succession, will be given a prize cup.

Cattle—75, 2@6c.
Calves—420, 3@6c.
Milk cows—30, \$35@37.5c.

IN BOSTON MARKETS.

More Fresh Eggs and Market is Easier—Butter Firm.

Boston, Dec. 1.—Fine butter is firm in the local market, but as trading is quiet and supplies are sufficient to wants, this condition must be ascribed to the strength of the outside markets on this grade. The Boston trade differs greatly from that in New York. Here storage butter is used quite as freely as fresh butter at this time of the year and a real pinch seldom ever develops, though at this season the production of butter is at low ebb and the receipts run largely to the lower grades. In New York there is an insistent demand for fresh butter at all times, for the hotels there, which are numerous, will have nothing but fresh butter.

Naturally, with a limited supply, the price reaches almost fictitious levels and other markets are influenced since New York would get all the butter if other markets did not do pretty nearly as well for the shippers. The market is well supplied with the under grades of butter and prices no more than steady in the lack of a big demand. The cheese market continues to reflect the firmness of the English markets and an export demand of fair-sized proportions. Supplies of fresh eggs are increasing a little more rapidly than the demand and the market is easier. Shipping quotations:
Butter—Fancy western creamery, tubs 22@23c, boxes 22@23c, prints 22@23c, fancy western creamery 21½@22½c, good to choice creamery 21@22c, fair to good 20@21c.
Cheese—Twins fancy 17½@18c, fair to good 16½@17c, Young America 16½@17c.
Eggs—Fancy memory 50@52c, choice eastern 48@50c, fresh western 45@48c.

SPECIAL CAR TO BARRE

"The Gift Without the Giver

is bare"—said Lowell, and his words are particularly applicable at the Christmas season. The gift worth while is the one that pleases the recipient and at the same time is a testimonial to the good tastes and judgment of the donor.

This is why electric devices make such ideal gifts—their beauty and usefulness appeal to the intelligence, while their eminent "correctness" testifies to the giver's knowledge of what is good form.

It is really a compliment to a person's good taste to give him something electrical.
